

## 777 Goldfish

777 Goldfish is a 3-reel, 3-row video slot with 5 fixed paylines. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left and run along an active payline to the last reel on the right. Wins from different paylines are added up.

### Free Games

Landing three FREE SPINS symbols on the winning line will trigger 5 FREE SPINS. FREE SPINS can be retriggered. If the FREE SPINS feature is retriggered, the player is awarded 5 additional FREE SPINS, which are added to the current total number of FREE SPINS. FREE SPINS are played at the trigger bet using an alternate set of reels.

### Wild

The WILD in the game is the TRIPLE SEVEN symbol. WILD symbol can appear on all reels, substituting for all other symbols. The appearance of the three TRIPLE SEVEN symbols does not trigger FREE SPINS. It is possible to generate winnings by a combination of WILD symbols only. During FREE SPINS, each WILD symbol that appears on the reels pays bet  $\times 20$ .

### Goldfish Rewards

Each spin in the base game has a chance to trigger GOLDFISH REWARDS, which launches the "Pick and Click" game. Nine shells appear on the screen, each hiding one of the GOLDFISH REWARD symbols: GRAND, MAJOR, MINOR, or MINI. Win value for MINI is fixed for  $10\times$  bet stake, for MINOR is fixed for  $20\times$  bet stake, for MAJOR is fixed for  $50\times$  bet stake, and for GRAND is fixed for  $300\times$  bet stake. The player selects the shells one by one, and the goal of the game is to match three identical GOLDFISH REWARD symbols. The game ends when three identical GOLDFISH REWARD symbols are revealed. After collecting them, the player wins the corresponding prize. The win is added to the player's account balance.
