Marketing description

In 777 Spooky Hit, the familiar fruit reels of the iconic 777 series get wrapped in a shiver-inducing Halloween atmosphere. This 3-reel, 3-row video slot with 5 fixed paylines beckons players into a world of foggy forests, glowing pumpkins, and flickering candlelight. The Triple Seven symbol rises as a Wild across all reels, substituting for any symbol to summon thrilling combinations. Free Spins awaken when three Free Spins symbols land on a winning line, granting 5 spins played on a mysterious alternate set of reels. As shadows creep across the reels, retriggered Free Spins can grant even more chances to summon wins, with each Wild during Free Spins paying a spine-tingling $\times 20$ bet.
