Marketing description

Get ready to unwrap the joy of the season with 777 X-Mas Gifts, a 3-reel, 3-row slot from BF Games that perfectly blends festive charm with the timeless excitement of classic fruit machines. Played across 5 fixed paylines, your goal is simple — match identical symbols along active paylines to collect glittering holiday wins.

The fun truly begins when three Christmas Tree Topper symbols align, triggering 5 Free Spins. And just like the season of giving, the excitement keeps coming — Free Spins can be retriggered, extending the festive fun and filling your stocking with even more chances to win.

Watch out for the Triple Seven Wild, which substitutes for all symbols and lights up the reels with potential. During Free Spins, each Wild pays $\times 20$ your bet, turning every appearance into a shining holiday bonus.

And when fortune feels generous, the X-Mas Rewards “Pick & Click” feature can appear at any moment. Nine beautifully wrapped gifts await beneath the Christmas tree — select them one by one to reveal Mini, Minor, Major, or Grand Rewards. Match three identical rewards to claim your prize and bask in the glow of Christmas luck.
