Marketing description

Blasting Rubies by BF Games is a dazzling slot where radiant Gems and juicy Fruits collide in a vibrant treasure hunt. Played on 5 reels, 3 rows, and 20 fixed paylines, your goal is to align identical symbols from the leftmost reel to the rightmost one along active paylines. Each win triggers a cascading feature, where winning symbols disappear, new ones tumble down, and the Cascade Multiplier increases—starting at ×2 and rising with every cascade, even during Free Spins.

The Heart Wild symbol, appearing only on the middle three reels, substitutes for all symbols except the Bonus Wheel and expands to fill the entire reel the first time it lands during a spin. Land three Bonus Wheel symbols to activate the thrilling Bonus Wheel feature, where you can earn Free Spins with multipliers. During Free Spins, the cascade multiplier combines with the Bonus Wheel multiplier for even greater rewards. Blasting Rubies is packed with shimmering surprises, promising every spin to be a step closer to glittering treasures!
