BLASTING RUBIES DICE

CASCADE MULTIPLIER - after a line win, all winning symbols disappear and new symbols fall from above the reels. Cascade multipliers start with $\times 2$ and increase by 1 with each step

WILD - appears on the middle three reels and substitutes for all symbols except the Bonus Wheel. Only one WILD can appear per reel. When it lands on a winning line, it expands to cover the entire reel as an Expanding Wild

BONUS WHEEL - landing three Bonus Wheel symbols will trigger the Bonus Wheel feature. The Bonus Wheel feature allows you to spin a wheel which awards you Free Spins with a multiplier
