

Buffalo Trail Ultra™

Marketing description

Oh no — the watering hole is shrinking, and the once-peaceful buffalo are getting thirsty! They're pawing the ground, about to charge... BF Games is bringing back a classic, bigger, bolder and beefier than before. Featuring fierce Full House multipliers, crazy Cash Mesh spins, and two progressive Jackpots, are you ready to rumble with Buffalo Trail Ultra?

Game description

Introducing Buffalo Trail Ultra, the youngest calf to the Buffalo family! Five reels, three rows and 25 fixed paylines is only the beginning of the journey.

Ultra brings a whole new spin — the Cash Mesh feature, where Coin symbols hold their ground on the reels while all other positions spin individually. If spins run out before every position is filled, the Cash Mesh Bonus Spin stomps through, randomly awarding up to three spins.

Landing 15 Coins during Cash Mesh awakens the Full House 2x multiplier, a fearsome beast that chews your total value of Coins and spits it out, twice over!

This trail sports four fields of Jackpots to graze on: Grand, Major, Minor and Mini. The Mini Bonus has a win value fixed at 10x the bet stake, while Minor sits at 20x. The grass is even greener with Major and Grand Jackpot values that grow progressively after each spin. Every player on the server helps the Major and Grand jackpots mature into mammoth wins!

Don't forget to watch out for Wild symbols popping up on the middle reels which substitute for all symbols except Coins.

If the original slot is a gallop, and the Lite version is a march, then Buffalo Trail Ultra is a wild romp through the slot game canyons. It does it without losing any BF lustre, and with the same cast of creatures inhabiting its reels plus new features to explore, BF Games is going in for the kill, this time even heavier than before!
