## Game description

Are you ready to unleash your wild side? Delve into the madness once again in the all-new Chicken Madness Ultra slot by BF Games and try your cluck at scavenging farm-tastic treasures!

The newest Chicken Madness Ultra slot brings back the comedic and bright graphics, with an insane 5-reel and 3-row setup. In the base game mode, you could be scoring ×2, ×3, ×4 or ×5 Multipliers for two, three, four or five consecutive wins respectively but you could also get your feathers in a fluff with Cash Mesh, which is triggered when landing five or more Coin symbols. These Coins have a Jackpot or Bonus label with a predefined value and give you an extra win that is shown on the symbol's respective banner. The Mini Bonus offers 2x your stake whilst the Minor Bonus offers 3x your stake, but the real hen-tertainment lies in the Major and Grand Jackpots, which increase with every spin! The Jackpots could be hit at any moment by any player at any spin — it's mad!

That's not all! If you land 15 Coin symbols during Cash Mesh you will be given a 2x Full House Multiplier to the total value of Coin symbols. Cash Mesh keeps awarding more and more until your bonus spins finish or all reel positions are filled. Cash Mesh finished

but not all reel positions filled? No problem, Cash Mesh Bonus Spins will be randomly awarded to you!
