

Chicken Madness Ultra Dice

Marketing description

Chicken Madness Ultra Dice by BF Games takes the farmyard frenzy to the next level in a 5-reel, 3-row video slot with 10 fixed paylines. Set in a chaotic countryside world filled with unruly chickens and over-the-top action, the game blends classic gameplay with escalating multipliers and dynamic bonus features that keep every spin bursting with unpredictable energy.

Game description

The coop has gone completely wild in Chicken Madness Ultra Dice, where feathers fly and chaos rules the reels. Set in a lively farmyard packed with mischievous chickens and constant commotion, this 5×3 slot delivers fast-paced gameplay with a playful, over-the-top twist.

The game features 10 fixed paylines, with winning combinations forming from left to right starting on the first reel. Only the highest win per symbol is paid, while wins across paylines are added together to build the total reward.

In the base game, every consecutive win increases the multiplier — reaching ×2, ×3, ×4, and up to ×5. The multiplier resets if no win occurs, but once it hits ×5, it remains at its peak as long as the winning streak continues, adding momentum to every spin.

Landing 5 or more COIN symbols triggers the CASH MESH feature, launching a series of respins where COIN symbols lock in place while remaining positions spin individually. Each COIN carries a predefined value or a JACKPOT/BONUS label, and the feature continues until all spins are used or the grid is filled.

If the reels are not completely filled by the end of the feature, a set of CASH MESH BONUS SPINS may be awarded once, adding 1 to 3 extra respins to extend the action.

Filling all 15 positions with COIN symbols during CASH MESH activates the FULL HOUSE multiplier, doubling the total value of collected coins (excluding JACKPOT/BONUS wins) and delivering a powerful finishing boost.

Packed with lively visuals, escalating wins, and feature-driven gameplay, Chicken Madness Ultra Dice turns every spin into a full-blown farmyard frenzy.
