GAME FEATURES

DOPAMINE RUSH

Bonus - can appear during the regular game on the middle three reels. Each symbol unlocks a slot in its column on the upper reel. Collect 5 to fully unlock that reel, giving access to Dope and Cash symbols during the Rush Spin.

Bonus Game - The game is played in 10-spins cycles during which the first 9 spins are regular game spins and 10th is a Rush Spin with unlocked upper reels based on how many Bonus symbols you've collected in regular game. Once the cycle ends, the upper reels lock, and a new countdown begins.

Dope - can appear during Rush Spin and pays only on fully unlocked reels. Can transform into instant rewards (Mini, Minor, Major, Grand) or grant Extra Spins.

Cash - can appear in the Rush Spin and pays only on fully unlocked reels, awarding 1x to 5x your bet.

Extra Spins - grants up to 3 additional Rush Spins, keeping the same reel configuration and adding to your total spins.

The background of the right side of the image is a vibrant, multi-colored gradient (red, orange, yellow, green, blue) with white lightning bolts. It features several glowing symbols: a large red circle with a yellow '7' and a yellow 'L', a green diamond with a yellow dollar sign, a blue die, a yellow diamond, and a purple circle with a white 'X' and a white 'L'.
