

Dopamine Rush Dice

Dopamine Rush Dice is a 5-reel video slot with 3 rows and 243 ways to win on base game that can be expand up to 4608 in the RUSH SPIN. "Ways to win" means that the player wins whenever they land a winning combination from left to right on the reels. Winning combinations are achieved by landing identical symbols in any position on adjacent reels, forming a "line." Only the highest winning combination of one symbol is paid per way. Wins from different symbols are added together.

Bonus

The BONUS symbol in the game is {0}. During the regular game, {0} can appear on the middle three reels. Each collected {0} unlocks one slot in the corresponding column of the upper reel. After collecting 5× {0}, the reel becomes fully unlocked, granting the player access to rewards from DOPE and CASH symbols during the RUSH SPIN. The number of collected symbols is saved separately for each bet option.

Bonus Game

The game is played in 10-spins cycles during which the first 9 spins are regular game spins and 10th is a RUSH SPIN with unlocked upper reels. The number of unlocked slots depends on the BONUS symbols collected during the regular game. On the upper reels, regular paying symbols appear alongside special symbols, but these pay only if the reel is fully unlocked. RUSH SPIN can only be extended by landing EXTRA SPINS symbol, which grants you up to 3 additional RUSH SPINS. After RUSH SPINS end, the cycle ends and the upper reels lock again. Spin counter is saved separately for each bet option.

Wild

The WILD symbol only appears on the middle three reels and substitutes for all symbols except CASH, BONUS and DOPE symbols.

Dope

The DOPE symbol appears during RUSH SPINS but it awards only if the reel is fully unlocked. This symbol can transform into instant REWARDS (Mini, Minor, Major, Grand) or EXTRA SPINS.

Cash

CASH SYMBOL can appear in the RUSH SPIN but it pays only if the reel is fully unlocked. It awards from 1× bet stake to 5× bet stake.
