

El Dorado Totems Dice™

El Dorado Totems Dice is a 5-reel, 3-row video slot with 10 paylines. The objective is to land as many identical symbols as possible along a payline. In El Dorado Totems Dice winning combinations can be made on active paylines from left to right and from right to left. Only the highest winning combination from a payline is paid out. Payouts are made according to the PAYTABLE.

Wild Symbol

The WILD in the game is the GOLD TOTEM symbol. WILD symbols can only appear on the middle three reels. There can be only one WILD symbol per reel. The WILD symbol substitutes for all other symbols on the same reel.

Respin

During RESPIN, the reels with WILD symbols are not moving. Only the reels without WILD symbols are spinning. RESPIN can be triggered one after another for a maximum of 3 times. During a single spin, regardless if one or more WILD symbols appear on the reels, only one RESPIN is triggered. During the RESPIN an alternative set of reels is used.
