Marketing description

Throw on your ice skating shoes and prepare for the coldest skate of your life down the all-new Frozen Yeti Dice reels! This captivating 5-reel, 3-row video slot with 10 fixed paylines promises the iciest of landscapes. The objective is to align identical symbols along active paylines, with winning combinations initiating from the leftmost reel and extending to the rightmost. Brace yourself for a quest where only the highest winning combination per line is rewarded, and triumphs from different paylines are consolidated.

Encounter the enigmatic Yeti symbol, your elusive Scatter, as it graces the three central reels. A lone scatter can materialise on each of these reels, promising potential fortunes within its frosty presence. Meanwhile, the formidable Wild symbol, appearing on up to four reels, stands ready to substitute for all symbols except the Scatter. For every wild in a winning payline, watch your rewards double, adding an extra layer of excitement to your icy escapade.

Behold the captivating Sticky Spin feature that may randomly unfurl during the base game! Witness the magic as winning symbols cling steadfastly to their reel positions during a respin, creating an enthralling cascade effect. With each successive respin, accumulated winning symbols persist, building a frozen spectacle until no further winning combinations emerge. Only the triumph from the final respin is bestowed upon you, making every frozen spin a potentially rewarding spectacle.

Frozen Yeti Dice also unveils mystical Free Spins, triggered by the appearance of three scatter symbols. Venture into 10 Free Spins where each winning combination initiates a respin, promising additional chances to amass frozen treasures. Should luck favour

you with a retrigger, an extra 10 Free Games will be unsealed, seamlessly blending with your ongoing icy odyssey on an alternate set of reels.

For those eager to expedite their journey, the Frozen Yeti Dice slot offers the Buy feature. By investing 60x the base bet, players can instantly procure 10 Free Spins, bypassing the anticipation of their natural trigger. Access the free games buy feature panel by clicking the "buy" button in the bottom right corner, exclusively available during the base game.
