## Marketing description

Golden Egg Hunt is a 5-reel, 3-row video slot featuring 5 fixed paylines, designed to deliver classic slot gameplay with a delightful surprise at its core. Match identical symbols from left to right along active paylines to secure wins, while SCATTER symbols offer additional rewards outside standard line combinations.

The true highlight of the experience is the EGG HUNT REWARDS feature — a Pick & Click bonus that can trigger on any spin. When activated, nine eggs appear on the screen, each hiding a potential reward: Mini, Minor, Major, or the coveted Grand. Players reveal eggs one by one, aiming to uncover three matching reward symbols to claim the prize.

Each reward tier delivers a fixed win, ranging from 10× the bet for Mini up to an exciting 300× the bet for the Grand reward. The feature ends as soon as three identical rewards are revealed, instantly crediting the corresponding prize to the player's balance.

With its accessible mechanics, engaging bonus feature, and rewarding prize structure, Golden Egg Hunt offers a charming and suspenseful slot experience where every spin could uncover a golden surprise.
