

Golem Mystery Wilds

Golem Mystery Wilds is a 5-reel, 3-row video slot with 10 fixed paylines. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left and run along an active payline to the last reel on the right. Only the highest winning combination is paid per line. Wins from different paylines are added up.

Wild

The WILD in the game is the WILD symbol. WILD symbol can appear on all reels except the 4th one. WILD symbol substitutes for all symbols other than POTION symbols.

Free Games meter

The game includes three distinct bonus games, each corresponding to a specific collection meter (presented as a glass cauldron):

- EXPANDING OWL bonus: purple collection meter
- MULTIPLYING FOX bonus: yellow collection meter
- ROAMING RACCOON bonus: blue collection meter

To activate any bonus feature, firstly, the player needs to fill up the color-matching collection meter by collecting POTION symbols appearing on the reels. Every POTION symbol adds 1 to the counter. Once the collection meter holds 10 POTION symbols, it becomes active, and enables a chance of triggering the special feature.

Whenever the player collects a new POTION symbol after the corresponding collection meter becomes active, there is a random chance of triggering its bonus feature. Once triggered, each of the bonus games grants 10 FREE GAMES with a specific bonus feature. Each bonus game takes place on a unique reel set. More than one feature cannot be triggered in the same spin. After triggering the feature, the corresponding meter resets. Each counter is saved separately for each bet option.

Expanding Wild

Filling the purple collection meter enables the chance to trigger the EXPANDING OWL bonus. Activating the feature gives the player 10 FREE GAMES with EXPANDING OWL WILD feature. During this game mode, each WILD symbol is replaced by the EXPANDING OWL symbol.

The EXPANDING OWL symbol can only appear on 4 out of 5 reels. The EXPANDING OWL symbol expands and covers the entire reel, substituting for all symbols.

Roaming Wild

Filling the blue collection meter enables the chance to trigger the ROAMING RACCOON bonus. Activating the feature gives the player 10 FREE GAMES with ROAMING RACCOON WILD feature. During this game mode, only 5 of the highest paid symbols appear on the reels.

While the reels are spinning, the ROAMING RACCOON symbol roams and randomly stops on one of the positions on the reels, replacing the symbol it lands on. It is then treated as WILD symbol - substituting for all other symbols and being counted in possible winning combinations.

Multiplying Wild

Filling the yellow collection meter enables the chance to trigger MULTIPLYING FOX bonus. Activating the feature gives the player 10 FREE GAMES with MULTIPLYING FOX WILD feature. During this game mode, each WILD symbol is replaced by the MULTIPLYING FOX symbol.

The MULTIPLYING FOX symbol can only appear on 4 out of 5 reels. MULTIPLYING FOX symbol substitutes for all symbols. If a winning combination occurs on a payline that includes one or more MULTIPLYING FOX WILD symbols, the total win for that payline will be multiplied.

Each of the MULTIPLYING FOX WILD appearing on the payline multiplies the winnings from this payline by 2:

- 1 MULTIPLYING FOX symbol on a payline gives win $\times 2$
- 2 MULTIPLYING FOX symbols on a payline give win $\times 4$
- 3 MULTIPLYING FOX symbols on a payline give win $\times 8$

- 4 MULTIPLYING FOX symbols on a payline give win $\times 16$
