

Honey Beast

Marketing description

Enter a futuristic world where honey, machinery, and wild energy collide in Honey Beast by BF Games. Meet the fearless Honey Badger as he takes charge of a high-tech hive filled with buzzing mechanical creatures, golden Coins, and valuable Rewards. With 4,096 ways to win, the action builds around powerful Collectors, Honey Money Games, and the chance to uncover impressive prizes. Sweet, wild, and packed with mechanical attitude, Honey Beast brings a fresh twist to the world of honey.

Game description

Honey Beast is a 6-reel, 4-row video slot with 4,096 ways to win, combining a futuristic honey theme with feature-packed gameplay. Winning combinations are formed from left to right across adjacent reels, while Wild symbols can substitute for other symbols to help complete winning combinations.

The action revolves around the powerful Collector symbols, which can appear on the first and sixth reels. When they land, they collect all Coin and Reward symbols on the reels, adding their values directly to the win. Coins can award values from 0.5× to 10× the bet, while Reward symbols offer Minor, Major, and Grand prizes worth up to 2,500× the bet.

The real buzz begins when 3 Scatter symbols trigger Honey Money Games, awarding 2, 3, 5, or 7 bonus games at random. During the feature, only Collectors, Coins, and Rewards appear, with at least one Collector guaranteed on every spin, keeping the hive buzzing with potential.

Players can also activate Extra Chance to double the chance of triggering Honey Money Games for an additional 20% of the bet, or use the Buy Feature to jump straight into the action.
