Marketing description

The Horizon Hunters slot is jam-packed with exciting features to get your adrenaline pumping. Forbidden treasures are sealed away in the depths of the picturesque reels, and are guarded by clever wolves who vow to keep all sorts of hunters as far away as can be. Your job is to protect the lands from harm and return the valuable treasures to those they once belonged to.

Your latest quest takes you to the all-new Horizon Hunters reels. Make sure to grab your bow and arrow before setting off to the 5-reel, 3-row setup — you might just hit one of the 10 incredible ways to win!

Venture to the centre of the American mountains for your chance to uncover flaming Skull Scatters. Although these may be rather thrilling, landing three of them will grant you 10 Free Spins — so, make sure not to shy away from them! If the Free Games feature is retriggered, an extra 10 Free Spins will be added to your total.

As fierce wolves howl through the night, seek a winning combination during your Free Spins rounds to earn a Respin. The winning symbols will stick to their positions for the duration of Respin. If another win is achieved throughout the Respin feature, the winning symbols will stick to the reels alongside the ones landed in the previous turn.

Each of the sticky symbols will transfer to the next Respin and will stack up until no further Respin is won.

Mask Wilds can also make an appearance on your exciting adventure. These can appear on a maximum of four reels and substitute for all symbols except the Skull Scatters. If Wild symbols form part of a winning combination, the win is multiplied! Not one to wait? You can take advantage of the Buy feature to instantly trigger Free Spins. With 70x your base game bet, you will be snagging 10 Free Spins to keep your adventure going.
