## 9 Terms and conditions

SIQ has conducted a level of testing of the gaming product which has historically been adequate for a submission of this type. However, inherent in testing in a laboratory environment are the unavoidable limitations of it not being possible to verify the effects of all possible configurations and environments that occur in actual gaming venues. If any parties dispute our findings, or may present evidence or information contrary to our findings, SIQ would welcome the addition of this information for our consideration. In such an instance, SIQ reserves the right to amend or revise this document.

This document is for use by the named jurisdiction and only verifies the product described herein, subject to any conditions or limitations set forth herein. Any test results listed in this document only refer to the sample of the product submitted for testing.

The applicant and manufacturer named herein are solely responsible for possession of the appropriate license to sell, lease, service or provide gaming supplies or gaming related services in the jurisdiction for which this product was tested. It is the responsibility of the applicant, manufacturer and operator to ensure that the gaming product detailed herein is maintained and operated correctly, without defects and safely within the venue environment. Product shall be used in line with accompanying manuals and documentation. Conformity to specified criteria does not warrant product performance nor complete bug free operation.

This document shall not be reproduced except in full. This document shall not be reproduced without the written approval of SIQ.

## 1 Description of the game

Hot Classic is a 5-reel, 4-row video-slot with 40 paylines. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left (excluding FREE SPINS symbols) and run along an active payline to the last reel on the right. Only the highest winning combination is paid per line. Three or more FREE SPINS symbols trigger 10 Free Spins.

### Free spins

Landing three or more FREE SPINS symbols will trigger 10 Free Spins. If Free Spins are re-triggered, the player unlocks 10 extra Free Spins, which are added to the current number of Free Spins. During Free Spins an alternate set of reels is used. Free Spins are played using the same trigger bet and paylines that were active during the normal gameplay mode in which Free Spins were triggered.

### Scatter symbol

Landing two or more FREE SPINS symbols form a winning combination. Landing three or more FREE SPINS symbols will trigger 10 Free Spins. FREE SPINS symbols can appear on all reels. Only one FREE SPINS can appear on each reel. WILD and FREE SPINS symbols cannot appear simultaneously on the same reel.

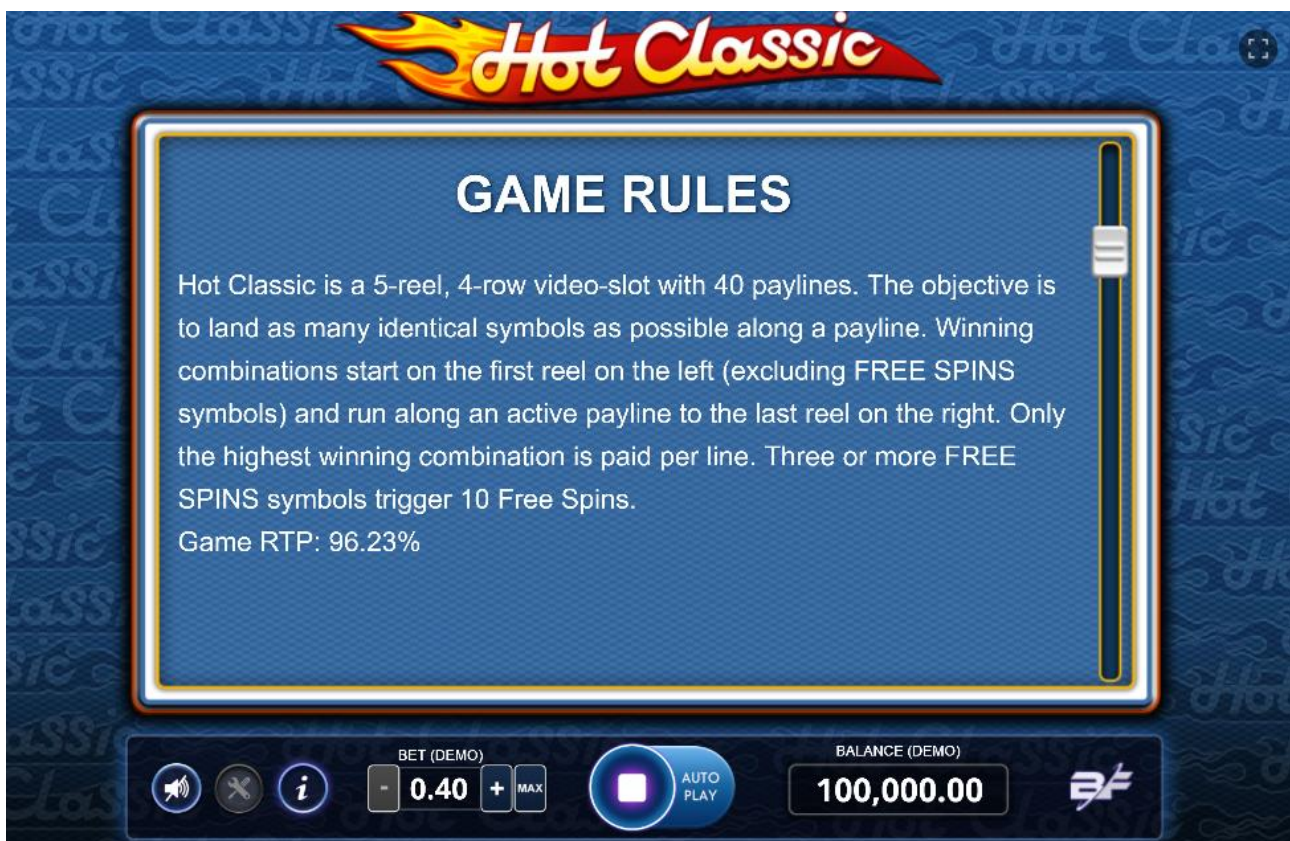

### Wild symbol

The WILD in the game is the WILD symbol. The WILD substitutes for all other symbols on the reels except for the FREE SPINS symbol. WILDs can only appear on the last four reels and only one WILD symbol can land on each reel. WILD and FREE SPINS symbols cannot appear simultaneously on the same reel.
