Juicy Booster Dice

Juicy Booster Dice is a 3-reel, 3-row video slot with 5 fixed paylines and additional special reel called the BOOSTER REEL. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left, and run along an active payline to the third reel. Winnings are multiplied if a multiplier appears in the center of the BOOSTER REEL. Only the highest winning combination is paid per line. Wins from different paylines are added up.

Wild

The WILD in this game is the BASKET symbol. The WILD symbol can appear on all reels (excluding the BOOSTER REEL). The WILD symbol substitutes for all other symbols on the reels. Combinations using only WILD symbols can create wins.

Special reel

The special reel is the BOOSTER REEL, which contains only multipliers and the REWARD symbol.

Multiplier

All winnings can be multiplied by the value of a multiplier if it lands in the center of the BOOSTER REEL. There are 6 multipliers during the regular bet mode: 1×/2×/3×/5×/10×/15×. The multiplier appears randomly with each spin.

Jackpot

The REWARD symbol is the CARDS symbol. When the REWARD symbol appears in the center of the BOOSTER REEL, it triggers the REWARDS feature (Grand, Major, Minor, Mini). Win from the line is not required to trigger the REWARDS feature. If there is a win from the line, firstly all the line wins are awarded, and then the REWARDS feature is triggered.

Rewards

Triggering the REWARDS feature awards a random prize value which can be

25×/50×/100× or 1000× of the bet stake.

Extra Chance

With the EXTRA CHANCE feature set to “on”, the 1× multiplier is removed from the BOOSTER REEL, so the chance of landing high multiplier values and the REWARD symbol will significantly increase. The cost of the EXTRA CHANCE is an additional 50% of the player’s current bet stake. Regardless of whether the EXTRA CHANCE feature is on or off, the winning combinations are always paid the same.
