

# Megacity Football Fever™

---

Megacity Football Fever is a 5-reel video slot with 3 rows and 50 paylines on base game that can expand up to 10 rows and 120 paylines based on the FREE GAMES level unlocked. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left (excluding the SCATTER symbol) and run along an active payline to the last reel on the right. Only the highest winning combination is paid per line. Wins from different paylines are added up.

## **Wild**

The WILD symbol substitutes for all other symbols on the reels except for SCATTER and BONUS symbols. WILD symbols can only appear on the last four reels.

## **Bonus**

The BALL symbol is the BONUS symbol in this game and can appear on all reels.

## **Scatter**

The SCATTER symbol can only appear on reels 1, 3 and 5. Only one SCATTER can appear on each reel.

## **Free Games**

Landing 3 SCATTER symbols will trigger 3 FREE GAMES. There are 8 unlockable levels in the FREE GAMES. FREE GAMES start with 5×3 reel size and 50 paylines. Each level, except the last one, unlocks an additional 1 row and 10 paylines. The next level will be

unlocked after collecting a defined amount of BONUS symbols during 3 spins. After unlocking a new level, the remaining BONUS symbols will not be transferred to it. After unlocking the next level, the number of remaining FREE GAMES resets to 3. Achieving the last level or failing to collect the required number of BONUS symbols in 3 spins ends the FREE GAMES round.

## **Bonus level**

The BONUS level can be awarded in two ways: separately for regular and free games. Firstly, by collecting enough BONUS symbols during a single spin of the base game. Secondly, by unlocking levels in FREE GAMES. Failing to collect the required number of BONUS symbols in 3 spins ends a FREE GAMES round and only the BONUS level from a level active during the conclusion of FREE GAMES will be paid out. The consecutive levels do not sum up. Reaching the highest level ends the FREE GAMES and pays out the highest BONUS level.

## **Buy Feature**

This game offers you the possibility to purchase FREE GAMES instead of waiting for them to trigger. For a 40x base bet the player can buy 3 FREE GAMES. Each purchase immediately triggers FREE GAMES. The player can access the FREE GAMES BUY FEATURE panel by pressing on the "BUY" button at the bottom right corner. FREE GAMES BUY FEATURE can be activated during base game only.

## **Winning combinations**

During FREE GAMES, the additional 10 shapes of paylines shown below can be formed on any available gameplay rows. Depending on where it is positioned on unlocked reels, each payline shape gets a separate payline number
