# Blasting Rubies

Blasting Rubies is a 5-reel, 3-row video slot with 20 fixed paylines. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left and run along an active payline to the last reel on the right. Only the highest winning combination is paid per line. Wins from different paylines are added up.

## Multiplier

After any line win (including also three BONUS WHEEL hits), all winning symbols disappear and new symbols fall from above the reels. Cascade multipliers start with ×2 at the beginning and with each cascade step the multiplier value is increased by 1. The cascade multiplier increases with every new cascade on both regular games and FREE SPINS.

## Wild

The WILD in the game is the HEART symbol. The WILD appears only on middle three reels and substitutes for all symbols except the BONUS WHEEL symbol. Only one WILD can appear on each reel. Whenever the WILD symbol appears on the winning line, it expands and covers full reel transforming into EXPANDING WILD. The Wild symbol expands only the first time when it appears on the reels during each spin.

## Bonus Wheel

Landing three BONUS WHEEL symbols will trigger the BONUS WHEEL feature. BONUS WHEEL symbol can appear only on the 1st, 3rd and 5th reel. Only one BONUS WHEEL symbol can appear on each reel.

## Bonus Wheel Feature

Landing three BONUS WHEEL symbols will trigger the BONUS WHEEL feature. The BONUS WHEEL feature allows you to spin a wheel which awards you FREE SPINS with a multiplier. The wheel's outer ring represents the number of FREE SPINS that can be drawn, while the inner ring grants a value by which every FREE SPINS win will be multiplied. Therefore, during cascade the multiplier will be the product of the cascade multiplier and the FREE SPINS multiplier. Each combination has an equal chance of being drawn.
