

Stunning Cash™

Stunning Cash is a 5-reel, 3-row video slot with 20 fixed paylines. The objective is to land as many identical symbols as possible along a payline. Winning combinations start on the first reel on the left and run along an active payline to the last reel on the right. Only the highest winning combination is paid per line. Wins on different paylines are added.

Scatter

The SCATTER in this game is the STAR symbol. SCATTER symbol can appear on all reels. Only one SCATTER can appear on each reel. Landing three or more SCATTER symbols will form a winning combination. It is possible to generate winnings through a combination of SCATTER symbols only.

Cash Mesh

Landing 5 or more COIN symbols on any spin triggers the CASH MESH feature. Each COIN symbol has a predefined value or a JACKPOT/BONUS label. On each CASH MESH spin, any position containing a COIN symbol is held and all other positions spin individually. CASH MESH spins keep awarding until either respins are finished or all positions are filled with COIN symbols.

Cash Mesh Respin

CASH MESH starts with 3 respins. All COIN symbols that hit after each respin remain on the screen until the end of the round. When a new COIN symbol hits, the number of

respins is reset to 3. When all respins are completed, the value of all COIN symbols are added and the game pays the total amount.

Full House

Landing 15 COIN symbols during CASH MESH is awarded with an additional FULL HOUSE multiplier $\times 2$ to total values of COIN symbols. The final winning is the value of all symbols added. FULL HOUSE multiplier is applied only on the reels winnings (excluding JACKPOT/BONUS wins).

Jackpots

Landing COIN symbol with JACKPOT or BONUS label on reels only during CASH MESH awards player with an extra win. Offered prizes are shown on respective banners and may vary on each spin. JACKPOT or BONUS wins are available on every bet stake. Win value for MINI BONUS is fixed for $\{2\} \times$ bet stake and for MINOR BONUS is fixed for $\{3\} \times$ bet stake. MAJOR and GRAND JACKPOT values grow progressively after each spin. Each player on the casino's server participates in JACKPOT's value growth. The minimum value for MAJOR JACKPOT is $\{0\}$, and for the GRAND JACKPOT it is $\{1\}$. Once GRAND or MAJOR JACKPOT is won on casino's server, its value is set to nominal value. Current values for each JACKPOT and BONUS are shown on labels above gameplay. All JACKPOT and BONUS symbols can appear simultaneously on reels.
