## Marketing description

Are you an online casino game fan? You've probably come across BF Games and the smash-hit Stunning slots. And if you're new, this one's a great starter! With five reels, three rows and 20 fixed paylines, BF Games mean business with Stunning Cash! Look out for the Star; that's your Scatter symbol, and three or more in each reel form a winning combo.

Coin symbols have a set value or Jackpot/Bonus label, and landing five or more triggers Cash Mesh — the Coins hold their position on the screen for three respins, and every Coin landing a new position resets the respin count. When respins are completed, the value of every Coin is added and paid out.

Hold up, there's more!? Land 15 Coins during Cash Mesh for the Full House 2x multiplier to Coins! This only applies to reel winnings, but Coins with Jackpot or Bonus that land during Cash Mesh award various prizes to players per spin!

Mini Bonus has a 2x bet stake, and Minor Bonus has 3x, while Major and Grand Jackpot grow bigger with each spin. The current value for each Jackpot and Bonus sits atop the game, and every player on the server helps make that Jackpot nice and fat!
