## Marketing description

Step into the royal splendor of Stunning Crown Cash Mesh Ultra Dice, a majestic 5-reel, 3 row video slot game that unveils its regal charm with 10 fixed paylines.

Your quest is to align as many identical symbols as possible along the paylines of BF Games' latest Stunning Crown slot. Only the grandest of combinations will earn you a royal reward, as wins on different paylines are added together to enhance your fortune.

As you traverse this enchanted realm, keep an eye out for the sparkling star symbol — the Scatter. This symbol can appear on any reel, gracing you with a winning combination when three or more land in sight.

The crown symbol reigns supreme as the Wild, appearing on reels 2, 3, and 4. When this symbol graces your reels, it substitutes for all other symbols except Scatter and Bonus, and when it lands on a winning line, it expands to become an Expanding Wild, covering the full reel in a royal display

But the true magic begins when the Orb Bonus symbol appears on reels one, three, and five. Land three of these orbs to trigger a royal reward and unlock the gates to the Cash Mesh feature.

When five or more coin symbols sparkle onto your screen, the Cash Mesh feature is activated. Each coin symbol holds a predefined value or a Jackpot/Bonus label. During Cash Mesh spins, the coin symbols remain in place while the other positions spin anew. These respins continue until all positions are filled with coin symbols or the respins are exhausted. Start with three respins, and with each new coin symbol that appears, your respin count resets to three. At the end of the round, the total value of all coin symbols is tallied for your grand prize.

For those who achieve a Full House of 15 coin symbols, a multiplier 2x is added to the total values of coin symbols, enhancing your rewards. This multiplier applies only to reel winnings and does not include Jackpot/Bonus wins.

In the realm of Cash Mesh, any coin symbol adorned with a Jackpot or Bonus label brings additional prizes. These prizes, displayed on banners, vary with each spin and include Mini Bonus and Minor Bonus awards, fixed at 2x and 3x your bet stake, respectively. The Major and Grand Jackpots grow progressively with each spin, adding to the excitement. Once a Grand or Major Jackpot is won, its value resets to the fixed amount, but the progressive prize remains an exciting part of the game.
