

Werewolf Hour Dice

Werewolf Hour Dice is a 5-reel video slot with 3 rows and 243 ways to win in the base game, which can expand up to 4608 ways in the MIDNIGHT SPIN. "Ways to win" means that the player wins whenever they land a winning combination from left to right on the reels. Winning combinations are achieved by landing identical symbols in any position on adjacent reels, forming a "line". Only the highest winning combination of one symbol is paid per way. Wins from different symbols are added together.

Collect Feature

During the regular game, the BONUS SYMBOL are both the CRYSTAL and GOLD WEREWOLF that can appear on the middle three reels. Each collected BONUS symbol unlocks one slot in the corresponding column of the upper reel. After collecting 5 BONUS SYMBOLS, the reel becomes fully unlocked, granting the player access to JEWEL and CASH symbol during the MIDNIGHT SPIN. The number of collected symbols is saved separately for each bet option.

Bonus Game

The game is played in 12-spin cycles, where the first 11 spins are regular game spins, and the 12th is a MIDNIGHT SPIN with unlocked upper reels. The number of unlocked slots depends on the BONUS SYMBOLS collected during the regular game. On the upper reels, regular paying symbols appear alongside special symbols, but these pay only if the reel is fully unlocked. The MIDNIGHT SPINS can only be extended by landing EXTRA SPINS symbols. After the 12th spin, the cycle ends, and the upper reels lock again. Spin counter is saved separately for each bet option.

Wild

The WILD symbol only appears on the middle three reels and substitutes for all symbols except CASH, BONUS and JEWEL symbols.

Jewel

The JEWEL symbol appears during MIDNIGHT SPINS but it awards only if the reel is fully unlocked. This symbol can transform into instant REWARDS (Mini, Minor, Major, Grand) or EXTRA SPINS.

Extra Spins

EXTRA SPINS symbol grants you up to 3 additional MIDNIGHT SPINS. The reels configuration remain the same and MIDNIGHT SPINS add up.

Cash

CASH SYMBOL can appear in the MIDNIGHT SPIN but it pays only if the reel is fully unlocked. It awards from 1× bet stake to 5× bet stake.
